SAILING ARABIA - THE TOUR

Sailing Arabia – The Tour

Since its very first edition in 2011, Sailing Arabia – The Tour has grown in stature to become the region's premier annual race and Oman a favourite winter destination for sailors around the globe.

The 12th edition will take place from 13 February to 28 February 2022, following a route which showcases the beauty of the Sultanate of Oman from Musandam in the North to Salalah in the south.

Why join the race?

Experience authentic Oman

Sailing Arabia - The Tour, offering a unique insight into the Sultanate of Oman's culture, makes the event an incredible adventure extending far beyond the fast and furious sailing. The cultural and educational elements of The Tour add an entirely new aspect; crews, teams and sponsors will explore with local guides the breathtaking landscapes and mystical traditions of Oman in an incredibly safe, stimulating and informative environment.

Engage local communities

The event provides an ideal platform to engage local communities in the Sultanate of Oman, with perfect touchpoint opportunities with official dignitaries and corporate clients.

Start your season racing in Oman's ideal wind conditions

Whilst Northern Europe is in the midst of winter, Oman offers outstanding warm weather racing for the DIAM24 class. During the event, top amateurs and professionals from Europe, North America and beyond will compete in warm, sunny weather alongside the Sultanate of Oman's finest sailors and up and coming talent.

One design boat

Varied wind speeds provide exhilarating race conditions, as each team competes on an identical DIAM24, the preparation, teamwork, technical skill, strategy and absolute professionalism determine the result, making Sailing Arabia - The Tour a battle of wits designed to bring out the best in competing crews.

Organised by Oman Sail, an internationally accomplished sailing and sports event management organisation, *Sailing Arabia - The Tour* connects sailors with Oman's long-standing nautical traditions as they explore the dramatic coastline of the Sultanate.

Awaken your sense of adventure; *discover authentic Oman*

With its magnificent desert, freshwater wadis, secret oases and breathtaking mountain ranges, Oman is full of opportunities for adventure. Alongside the country's natural wealth is its rich culture, which blends historical features with modern infrastructure. In Sur, sailors will visit the Dhow Factory, where artisans use centuries-old techniques to build traditional Arabian ships.

Home to an abundance of treasures, Oman's mystical souqs are the perfect places to barter for your traditional tour souvenirs such as silver jewellery and frankincense, whilst grand forts, exquisite palaces and mosques are sights to behold in the country's capital, Muscat.

Bordered by the Arabian Gulf, Gulf of Oman and the Arabian Sea, the Sultanate of Oman has a total area of approximately 309,500 km², making it the third largest country in the Arabian Peninsula.

Oman's tropical climate is subject to seasonal changes; from October to April the weather offers an average temperature of 23°C. Combine the Sultanate's warm seas, incredible landscapes and welcoming people and you can see why tourists are captivated by the country's authentic charm.

Racing against the finest sailors in the DIAM class, Sailing Arabia - The Tour provides you with an opportunity to immerse in another culture, whilst embracing world-renowned Omani hospitality.

The Routea

Combining fast paced in-port stadium competition with the only multi-stage coastal raid racing in the Middle East, Sailing Arabia - The Tour delivers a true test of sailing skill against the impressive backdrop of the Sultanate's maritime heritage.
